

Gasoline Powered Backpack Sprayer

This backpack power sprayer is powered by a gasoline engine for efficient and portable spraying. It is designed with a high-capacity tank and adjustable nozzle, ensuring user comfort during agricultural and gardening tasks.

Overview

Efficient Agricultural Spraying

This gasoline-powered backpack sprayer is engineered for high-efficiency application in agricultural and gardening environments. Its portable design allows for easy movement across fields, while the robust engine ensures consistent pressure for uniform coverage. Designed with user comfort in mind, it features an ergonomic backpack frame suitable for extended operation.

Technical Specifications

Model Number	3WZ-768
Power Source	Gasoline Engine

Design & Ergonomics

Key Features	Backpack style, Adjustable nozzle, Ergonomic frame, Portable
