

Gasoline Powered Brush Cutter

This brush cutter is a robust machine designed for clearing dense vegetation, brush, and undergrowth. It features a powerful, typically gasoline-powered engine for reliable performance in demanding conditions.

Product Overview

High-Performance Gasoline Brush Cutter

This gasoline-powered brush cutter is designed for efficient vegetation management, offering versatile performance as both a cutter and an edger. With a powerful 4HP four-stroke engine, it provides reliable operation for demanding landscaping and agricultural tasks. Its robust construction and specialized cutting head ensure long-lasting durability and consistent results in various terrain conditions.

Technical Specifications

Engine Performance

4 HP
Power

Model Number	7931
Engine Type	Four-stroke
Product Dimensions	1320 x 460 x 970 mm
Cutting Head Material	Metal

Operating Capacity

Working Dimensions

Parameter	Value	Unit
Working Width	260	mm
Working Depth	260	mm

Compliance & Certification

Certifications	CE, EPA
----------------	---------

Logistics & Terms

Payment Terms	T/T in advance or L/C at sight
Lead Time	15 days
Minimum Order Quantity	200 pcs
Packaging	Carton box
