Product Overview

Professional Vegetation Clearing Solution

This powerful gasoline-powered brush cutter is engineered for demanding vegetation management, from routine grass trimming to clearing dense shrubs and uncultivated areas. Featuring a robust 63.3cc engine and high-torque gearcase, it delivers reliable performance in tough conditions. Designed with user comfort in mind, it includes an anti-vibration system and ergonomic U-handles to reduce fatigue during extended professional use.

Technical Specifications

Engine Power

3 hp

Power Output

63.3 cc

Displacement

Durability & Build

- Shaft lifespan: Over 5000 hours
- High torque gearcase for heavy-duty conditions
- Super wear-resistant shaft construction

Features & Usability

Maintenance & Safety

- Easy-disassemble air filter for convenient maintenance
- Fixable shield cover for safe operation

Operational Features

Easy start system, Digitally controlled C.D.I., Anti-vibration joint, Ergonomic U-handle, Tap-and-go trimmer head
