

Gasoline Powered Brush Cutter for Vegetation Control

This gasoline-powered brush cutter is designed for efficient grass trimming and vegetation control in agricultural settings. It features a powerful engine, a durable cutting blade, and an ergonomic handle for comfortable operation.

Product Overview

Professional Vegetation Control

This gasoline-powered brush cutter is engineered for efficient vegetation management in agricultural and landscaping environments. Featuring a robust air-cooled engine and a dorsal portability design, it provides the power and flexibility needed for maintaining fields and orchards. Its durable construction ensures reliable performance in demanding outdoor conditions.

Engine Specifications

Key Performance Metrics

1.45 kW

Power

7000 r/min

Rated Speed

40.2 cc

Displacement

Engine Type

1E40F-6

Idle Speed

3200 r/min

Fuel System

Tank Capacity

1200 ml

Fuel/Oil Ratio

1:25

Physical Dimensions

Weight Specifications

Component	Weight
Engine Net Weight	4.2 kg
Total Machine Weight	7.7 kg

Tube Diameter

26 mm

Certifications & Compliance

Certifications

CE • EU II • Noise Compliant

Logistics

Packaging Configuration

- 1pc engine per carton
- 1pc shaft per carton
