

# Gasoline Powered Chain Saw

This chain saw combines innovative technology with high power, low vibration and low weight. The performance is steady even during bad weather condition.

## Product Overview

### Professional Performance

The NT6200 is a powerful and efficient gasoline-powered cutting tool engineered for both professional and home use. Designed for versatility, it excels at felling trees, pruning branches, and cutting firewood with high precision. Its robust engine and durable construction ensure consistent performance across various wood types.

## Technical Specifications

Model Number	NT6200
Power Source	Gasoline Engine

## Features & Safety

Safety Features	Chain Brake, Anti-Vibration System
Ergonomics	Yes

## Applications

### Primary Applications

- Felling trees
- Pruning branches
- Cutting firewood
