

# Gasoline Powered Chain Saw

This gasoline chain saw is a powerful and reliable tool for demanding cutting tasks. Featuring a high-performance gasoline engine, it delivers ample power for cutting through thick branches and logs.

## Overview

### Professional Gasoline Chain Saw

This gasoline-powered chain saw is engineered for reliable performance in demanding cutting environments, suitable for both professional and home use. It features an integrated brake system for enhanced operator safety and a rapid pump oil system designed to extend the lifespan of the chain and bar. With its robust construction, this tool is an ideal solution for tasks such as tree pruning, felling, and firewood preparation.

## Safety & Maintenance

### Safety Features

Chain Brake, Throttle Lock, Anti-vibration System

### Lubrication System

Rapid pump oil system for chain and bar protection

## Performance

### Primary Applications

- Tree pruning
- Felling
- Firewood preparation
