Product Overview

Professional Cutting Power

This gasoline-powered chain saw is engineered for durability and high performance in various cutting tasks. It features a high-precision carburetor to ensure low fuel consumption while maintaining strong output. Designed with user comfort and reliability in mind, it includes an easy-start system and a soft anti-slip handle for extended operation.

Engine & Performance

Engine Models

- 25cc
- 38cc
- 45cc
- 52cc
- 58cc
- 62cc

Efficiency

Low Fuel Consumption

Mixing Ratio

1:25 (Two-cycle oil/Gasoline)

Carburetor Type

High precision with outside silicone pump

Features & Design

Starter Reliability

10000 times

Min. Pulls

Starting Performance	Start within 2 pulls
Air Filter	Paper filter with high reliable sealing
Handle Design	Soft Anti-slip
Build Quality	Strong, Durable, Long Life
