

# Gasoline Powered Chain Saw

This chain saw is a robust cutting tool suited for both professional and home use. It features a high-performance engine that delivers reliable power for felling trees, pruning branches, and cutting firewood.

## Overview

### High-Performance Gasoline Chain Saw

This gasoline-powered chain saw is engineered for reliable performance in demanding cutting tasks, including tree felling, pruning, and firewood preparation. It features a robust two-stroke, air-cooled engine designed for efficiency and consistent power output. The ergonomic construction ensures optimal balance and maneuverability, providing professional users with precise control and reduced operator fatigue during extended operation.

## Engine Performance

### Engine Metrics

<b>36.3 cc</b> Displacement	<b>1.5 kw</b> Rated Output	<b>8000 rpm</b> Rated Speed
--------------------------------	-------------------------------	--------------------------------

Engine Type	Single Cylinder, Two-stroke, Air-cooling
-------------	--

## Technical Specifications

### Fuel & Lubrication

Component	Capacity/Ratio
Fuel Mixture Ratio	25:1
Fuel Tank Capacity	410ml
Engine Oil Tank Capacity	200ml

### Cutting System

- Chain Pitch: 3/8"
- Chain Gauge: 0.05"
- Guide Bar Size: 16"/18"

## Physical Dimensions

### Weight

<b>6 kg</b> Gross Weight	<b>4.5 kg</b> Net Weight
-----------------------------	-----------------------------

Package Dimensions	42cm x 24cm x 28cm
--------------------	--------------------
