

Gasoline Powered Chainsaw for Wood Cutting

This gasoline chainsaw is designed for cutting wood. It features a durable chain and powerful engine for efficient cutting.

Product Overview

High-Performance Gasoline Chainsaw

This gasoline-powered chainsaw is engineered for efficient wood cutting, making it an ideal tool for tree felling, limbing, and pruning tasks. It features a robust engine and a durable chain system designed for consistent performance. Safety and maintenance are prioritized through an integrated brake system and a rapid oil pump mechanism that ensures optimal lubrication for both the chain and the bar.

Key Features

Safety & Maintenance	Integrated Brake System, Rapid Oil Pump System, Chain & Bar Protection
