

Gasoline Powered Chainsaw

This is a gasoline-powered chainsaw designed for both professional and home use. It features durable construction and a high-performance engine for efficient cutting.

Product Overview

Professional Performance

This gasoline-powered chainsaw is engineered for both professional use and home maintenance tasks. It features a robust, air-cooled 2-stroke engine that delivers consistent power and high cutting efficiency. Designed with safety as a priority, the unit includes an integrated mechanism to prevent accidental starts, ensuring reliability and peace of mind during operation.

Technical Specifications

Engine Performance

37.2 cc

Engine Displacement

11000 r/min

Max. Engine Speed

Fluid Capacities
