

Gasoline Powered Garden Tiller

This lightweight tiller features a small gasoline engine. The engine's power is transmitted to the gearbox by belt.

Product Overview

Professional Garden Tiller

This gasoline-powered garden tiller is a robust tool designed for efficient soil cultivation in gardens and small farms. Engineered with a powerful 7 HP engine, it offers precise control for weeding and soil preparation tasks. Its compact and maneuverable design ensures high performance even in confined spaces, making it a versatile choice for agricultural maintenance.

Performance Metrics

Core Performance Metrics

7 HP

Max Output

212 CC

Engine Displacement

820 mm

Furrow Breadth

Technical Specifications

Engine & Fuel

Feature	Value
Engine Model	LC170F-D
Max Output Speed	3600 rpm
Fuel Tank Capacity	3 L

Tilling Capabilities

- Tine Rotate Diameter: 315 mm
- Working Depth: 300 mm
- Gear System: F1/N/B1
- Forward Speed: 114 rpm
- Reverse Speed: 43 rpm

Logistics & Dimensions

Dimensions & Weight

- Net Weight: 56 kg
- Packing Size: 770x416x710 mm
- 40'GP Container Quantity: 252 units
