

Gasoline Powered Harvester with 42.7cc Engine

This harvester is a gasoline-powered agricultural tool designed for efficient harvesting. It features a 1E40F-5A matched engine with a discharging capacity of 42.7cc.

Overview

High-Efficiency Agricultural Harvester

This gasoline-powered harvester is engineered for agricultural efficiency, featuring a robust 42.7cc 2-stroke engine. Designed for reliability, it combines high power output with low fuel consumption to streamline harvesting tasks. Its lightweight yet durable construction ensures ease of handling during extended operations.

Engine & Performance

Standard Power

1.25 kW
Output

7500 r/min
Rated Speed

Displacement	42.7 cc
Engine Model	1E40F-5A

Fuel System

Carburetor Type	Diaphragm
Fuel Mix Ratio	25:1
Fuel Tank Capacity	1.2 L

Physical Specifications

Weight Specifications

Weight Type	Value	Unit
Net Weight	9	kg
Gross Weight	10	kg

Aluminum Pipe Diameter	26 mm
