## Overview

### High-Performance Cleaning Solution

This gasoline-powered high-pressure washer is engineered for heavy-duty cleaning tasks, offering reliable performance with its 5.5HP engine. It features robust capabilities including self-suction functionality and overheat protection to ensure durability during extended operation. Designed for versatility, it is an ideal tool for maintaining driveways, patios, vehicles, and various outdoor surfaces.

## Performance Metrics

### Key Performance Indicators

**5.5 HP**

Horse Power

**15 Mpa**

Rated Pressure

**17 Mpa**

Max Pressure

**8.3 L/min**

Flow Rate

## Engine & Technical

### Engine Specifications

Specification	Detail
Engine Model	HH168
Displacement	163cc
Fuel Type	Unleaded gasoline
Fuel Tank Capacity	3.6 L
Pump Type	Axial pump

## Physical Attributes

Dimensions	625 x 410 x 640 mm
Gross Weight	28.5 kg

## Operating Conditions

Ambient Temperature Range	0°C - 60°C
---------------------------	------------

## Features

Key Features	Self-suction function, Overheat protection, High pressure
