

Gasoline Powered Lawn Mower

This gasoline-powered lawnmower is designed for residential lawn maintenance. It includes a grass catcher bag for collecting clippings and an adjustable cutting height.

Overview

High-Performance Gasoline Lawn Mower

This self-propelled gasoline lawn mower is engineered for efficient residential lawn maintenance, featuring a robust 139cc engine for consistent power. With a generous 510mm cutting width and 7-stage height adjustment, it provides versatility for various grass types and terrain requirements. The durable steel deck and large rear wheels ensure stability and long-lasting performance, while the 55L grass catcher promotes a clean finish without the need for manual raking.
