

Gasoline Powered Multi Tool with Detachable Attachments

This multi-tool is a versatile gardening tool designed for a variety of tasks. It features a powerful gasoline engine and a detachable shaft that allows for the use of different attachments.

Overview

Versatile Multi-Tool System

This gasoline-powered multi-tool is designed for professional landscaping, forest maintenance, and garden care. Featuring a 4-in-1 modular design, it seamlessly transitions between brush cutting, hedge trimming, and pole sawing tasks. Built for durability and ease of use, it is an essential solution for efficient vegetation management in parks, orchards, and urban environments.

Performance Metrics

Rated Power

1.25 kW
Power Output

6500 r/min
Rated Speed

Displacement	43 CC
Fuel Consumption	544 g/kw.h

Technical Details

Fuel Mixture Ratio	40:1
Net Weight	7.2 kg

Capabilities

Included Attachments

- Brush Cutter (Triangle Blade)
- Trimmer Head
- Hedge Trimmer
- Pole Chain Saw

Ideal Usage Scenarios	Lawn Mowing, Tree Branch Trimming, Hedge Trimming, Forest Fire Protection, Urban Landscaping, Agricultural Orchards
