

# Gasoline Powered Wood Cutting Chainsaw

This gasoline-powered chain saw is designed for professional use in cutting wood. It features a durable construction and a powerful engine for efficient operation.

## Product Overview

### Professional Wood Cutting Performance

This gasoline-powered chainsaw is engineered for efficient wood cutting operations, offering a balance of power and portability. With a 25.4cc engine and a 10-inch bar, it provides the reliability needed for professional tasks. The design focuses on ergonomic handling and consistent output to ensure productivity in the field.

## Technical Specifications

Engine Displacement	25.4 cc
Rated Output Power	0.9 kW
Idling Speed	2800 r/m

## Physical Dimensions

Max Cutting Diameter	250 mm
Bar Size	10 in
Net Weight	3 kg

## Capacity & Components

### Fluid Tank Capacities

**230 ml**  
Fuel Tank

**160 ml**  
Oil Tank

Standard Bar Type	Sprocket
