

Glass Door Beverage Display Freezer

This compact beverage display freezer features a glass door, making it ideal for showcasing drinks in commercial or residential settings. Adjustable shelves, temperature control, and energy-efficient operation ensure optimal product visibility and preservation.

Overview

Compact Commercial Beverage Display

This glass door beverage display freezer is designed for efficient cooling and optimal product visibility. Featuring a manually adjustable temperature range of 0-10°C, it is suitable for a variety of commercial and residential beverage storage needs. Its compact footprint makes it an ideal solution for countertop or limited-space environments, while the compressor-based cooling system ensures reliable performance.

Performance & Cooling

Cooling System	Compressor
