

Gold-Plated Feature Phone with Keypad

This is a classic gold-plated feature phone. It features a physical keypad, color display, dedicated call buttons, and a central navigation key.

Product Overview

Premium Gold-Plated Feature Phone

This classic feature phone combines a luxurious gold-plated aesthetic with the reliability of a traditional physical keypad interface. Designed for users who appreciate simplicity and durability, it features a clear color display and an intuitive navigation layout. It is an ideal solution for professional environments requiring a straightforward, dependable communication device.
