

Gravity Feed Spray Gun

This high-performance spray gun is designed for a variety of coating applications. It features adjustable fluid and air controls for precise material delivery and spray pattern.

Product Overview

Professional Performance Spray Gun

This high-performance gravity feed spray gun is engineered for precision in various industrial and automotive coating applications. It features a reliable gravity-feed system combined with adjustable controls for both fluid delivery and air pressure, ensuring consistent atomization and a smooth finish. Designed with durable, high-quality materials, this tool provides the longevity required for demanding woodworking and industrial projects.

Technical Specifications

Control Features

- Adjustable fluid control
- Adjustable air pressure control
- Precise material delivery system
- Uniform spray pattern adjustment

Key Benefits

Consistent Atomization • Smooth Finish • Durable Construction

Suitable Applications

Automotive, Industrial, Woodworking
