

Gravity Feed Spray Gun

This high-performance spray gun is designed for a variety of coating applications. It features adjustable fluid and air controls that allow for precise customization based on the specific coating and application requirements.

Product Overview

High-Performance Coating Solution

This gravity-feed spray gun is engineered for versatility and high efficiency in professional coating applications. Designed to minimize material waste while maintaining consistent spray patterns, it offers reliable performance for automotive refinishing, woodworking, and industrial tasks. Its adjustable control systems provide the precision necessary for demanding environments, ensuring long-lasting durability through professional-grade construction.

Technical Specifications

Operational Needs

- Compressed air supply required
- Adjustable fluid control
- Adjustable air control

Suitable Industries

Automotive Refinishing, Woodworking, General Industrial

Key Features

Performance Highlights

1 Gravity

Feed Type
