

Green Push Button Switch with Metal Bezel

This green push button switch is designed for industrial applications such as control panels and machinery. It features a metal bezel and a modular contact block for easy installation.

Product Overview

Industrial-Grade Push Button Switch

This green push button switch is engineered for high-performance industrial applications, featuring a robust metal bezel for enhanced durability. Its modular design allows for straightforward configuration and rapid installation in control panels and heavy machinery. Designed to withstand harsh operating environments, this switch provides reliable operation and long-lasting service life for critical control systems.

Technical Specifications

Suitable Applications

- Control Panels
- Machinery
- Industrial Equipment

Actuator Color	Green
Bezel Material	Metal
Key Design Features	Modular Design, Industrial Rated, Durable Construction
