

GTA4294 Turbocharger for Diesel Engines

This turbocharger is designed for optimal airflow and boost pressure in diesel engines. It features 100% compatible mounting dimensions for straightforward installation.

Product Overview

High-Performance Turbocharger for Detroit Diesel Engines

This turbocharger is engineered specifically for Detroit Diesel Series 60 engines, ensuring seamless integration and optimal performance for highway truck applications. Each unit undergoes a 100% dynamic balance test to guarantee smooth operation and extended component lifespan. Constructed using durable K18 materials, these units provide excellent heat resistance and reliability under heavy-duty operating conditions.

Compatibility & Performance

Quality Certifications

100% Dynamically Balanced • K18 Material Construction

Engine Compatibility

Detroit Diesel Series 60

Technical Specifications

Available Part Configurations

Model	Part Number	Weight (kg)
GTA4294	714788-0001	23
GT4294JNS	702015-0001	23
GT4294JNS	702468-0002	23
GTA4202	714792-0002	23
GTA4502V	758160-0007	23

Packaging Dimensions

26 x 30 x 33 cm

Components & Parts

Available Repair & Replacement Parts

- Repair kit
- Cartridge
- Gasket
- Compressor wheel
- Turbine wheel
- Rotor shaft
- Compressor housing
- Turbine housing
- Thrust bearing
- Journal bearing
- Thrust collar
- O-ring seal
