

GU10 LED Spotlight Bulb, 5W, 3000K

This LED spotlight bulb is a high-efficiency lighting solution for residential and commercial use. It provides bright, focused illumination while consuming minimal energy and has a GU10 base for easy installation.

Overview

High-Efficiency LED Illumination

This GU10 LED spotlight bulb is a versatile lighting solution engineered for both residential and commercial environments. It features a high-efficiency LED array that delivers focused, bright illumination while significantly reducing energy consumption compared to traditional halogen alternatives. Designed for reliability and longevity, this bulb is an excellent choice for accent, task, and general lighting applications.

Technical Specifications

Power Consumption	5 W
Input Voltage	220-240V AC
Luminous Flux	400 lumens
Color Temperature	3000K (Warm White)
Beam Angle	120 degrees
Lifespan	25000 hours

Features

Performance Highlights

5 W

Power

400 lm

Brightness

25000 hrs

Lifespan

Base Type	GU10
Ideal Applications	Accent Lighting, Task Lighting, General Illumination, Commercial, Residential
