

Hand Crank LED Flashlight

This hand crank flashlight provides a reliable and eco-friendly lighting solution. The hand crank mechanism allows for recharging without batteries or external power sources.

Overview

Reliable Emergency Lighting

This hand crank LED flashlight provides a dependable, eco-friendly lighting solution designed for emergency preparedness, camping, and outdoor activities. Featuring a durable and ergonomic construction, it eliminates the need for external batteries or power sources by utilizing a manual hand crank mechanism. Its compact, lightweight design ensures easy portability, making it an essential addition to any emergency kit or everyday carry collection.

Performance Metrics

Max Luminous Flux

7 Lm

Brightness

Charging Efficiency

6 minutes of light per 1 minute of cranking

Technical Specifications

Battery Specifications

Ni-Mh 40mAh/3.6V

DC Motor Model

DC JFF-030-07300

Compliance and Durability

Product Lifetime

5 Years

Certifications

RoHS

Testing Standards

Lighting Duration Standard

Lighting time performance is measured based on the standard where brightness is maintained until it drops to 5% of the initial open brightness.
