

# Hand Pliers Set

This set includes various pliers, such as long nose, cutting, and combination pliers. Constructed with durable metal heads and ergonomic handles, these pliers are designed for accurate gripping and cutting in a range of applications.

## Overview

### Professional Grade Hand Pliers Set

This versatile hand pliers set is engineered for a wide range of applications, from intricate electrical work to heavy-duty mechanical tasks. Featuring precision-machined jaws, these tools ensure accurate gripping and cutting performance across various professional environments. The durable metal heads are paired with ergonomic handles to provide a secure, comfortable grip for extended use.

## Technical Specifications

Construction Material	Durable metal heads
Model Variants	HT12-157, WM20-130, WM21-122, WP23-160A, WM22-122, WP25-160A, WP27-180, WP27-180A, WP29-180, WP29-180A, WP30-180, WP30-180A, WP31-200S, WP32-200, WP32-200S

## Features

### Tool Capabilities

- Precision-machined jaws for accurate gripping
- High-performance cutting capabilities
- Ergonomic handle design for secure grip
- Durable construction for longevity

### Primary Applications

Electrical Work • Mechanical Tasks • Gripping • Cutting
