

Hand Pruning Shears

Professional-grade hand pruning shears are designed for efficient and precise cutting in gardening and landscaping. They feature high-carbon steel blades for durability and sharpness, ergonomic handles for comfortable grip and reduced hand fatigue.

Product Overview

Professional-Grade Performance

These professional-grade hand pruning shears are engineered for efficient and precise cutting in both gardening and landscaping environments. Featuring high-carbon steel blades, they offer exceptional durability and long-lasting sharpness for clean, healthy cuts. The ergonomic handle design minimizes hand fatigue during extended use, while the integrated locking mechanism ensures safe storage when not in operation.

Technical Specifications

Blade Material	High-carbon steel
