

# Handheld Garment Steamer with Stainless Steel Panel

This handheld garment steamer delivers continuous steam for efficient wrinkle removal. It features a stainless steel panel, soft hand grip, and a removable water tank with a 260ml capacity.

## Product Overview

### Professional Handheld Garment Care

This handheld garment steamer is designed for efficient wrinkle removal on a variety of fabrics, featuring a durable stainless steel heating panel. Equipped with an internal pump for consistent steam delivery and a removable water tank, it offers convenience for both home and professional use. The unit includes safety features such as overheat protection and a generous 2.5-meter power cord for flexible operation.
