

Handheld LED Work Light with 175-degree View Angle

This handheld lighting device features an integrated light source with a metallic housing and a circular vent for heat dissipation. It has a 175-degree view angle and is designed for comfortable handling.

Product Overview

Professional Handheld Work Light

This versatile handheld work light offers a wide 175-degree beam angle, ensuring excellent area coverage for professional environments. Designed for reliability, it features an integrated rechargeable battery and an automatic light-up function for emergency situations. With a multi-angle table lamp configuration, it provides both flexible positioning and portability for various maintenance and inspection tasks.
