

Handlebar-Mounted Bicycle Bell

This classic bicycle bell is designed to mount on handlebars. It features a thumb lever for easy ringing while riding, providing an audible warning.

Product Overview

Classic Handlebar-Mounted Bicycle Bell

This durable bicycle bell is designed for reliable performance and safety on the road. Featuring a classic design with a user-friendly thumb lever, it produces a clear, audible warning tone to alert pedestrians and other cyclists. Constructed from weather-resistant metal with a sleek black finish, this bell ensures long-lasting utility for various cycling applications.
