

Hard Hat Visor with Neck Shade

This hard hat visor with neck shade provides comprehensive protection from the sun and elements. Designed for easy attachment to standard hard hats, this accessory is ideal for construction workers, road crews, and anyone working outdoors.

Product Overview

Sun Protection for Outdoor Professionals

This hard hat visor with integrated neck shade is designed to provide comprehensive protection from the sun and elements for outdoor workers. Constructed from durable, high-visibility polyester mesh, it ensures both safety and comfort in demanding environments. The foldable, wire-spring design allows for easy storage and transport, making it an essential accessory for construction sites, road crews, and utility maintenance.
