Overview

High-Performance Oven Lighting

This heat-resistant oven lamp is engineered specifically for appliance environments, ensuring reliable illumination within high-temperature cooking chambers. Featuring a durable clear glass construction and a secure ceramic base, it offers a robust solution for monitoring cooking progress. Its compact design facilitates straightforward installation and replacement in various oven models.

Technical Specifications

Power Rating

15 W Minimum Power	25 W Maximum Power
------------------------------	------------------------------

Operating Voltage

220-240V AC

Construction & Materials

Environment Suitability

Heat Resistant • Appliance Grade

Base Construction

Ceramic Base, Metal Retaining Clip, Clear Glass Bulb
