Product Overview

Versatile Commercial Display Solution

This dual-function display showcase is engineered for both cooling and heating, making it an ideal choice for retail, restaurants, and supermarkets. Featuring advanced insulation, adjustable temperature controls, and high-visibility LED lighting, it ensures your products are presented attractively while maintaining optimal freshness. The unit is built for commercial durability with a heavy-duty steel exterior and user-friendly features like self-evaporation trays and lockable casters.

Performance & Technical

Cooling Temperature Range

2 °C

Min Temperature

8 °C

Max Temperature

Heating Temperature Range

30 °C

Min Temperature

50 °C

Max Temperature

Refrigerant Type

R134a, R600a

Design & Construction

Construction Materials

- Heavy-duty painted steel exterior
- White painted aluminium interior
- Double layer hollow glass door

Insulation

Thick foam layer for excellent thermal insulation

Features

Key Features
