

Heavy-Duty Bolt Cutter

This heavy-duty bolt cutter is designed for cutting bolts, rods, and other metal materials. It features hardened steel jaws for durability and long life.

Product Overview

Industrial Strength Bolt Cutter

This heavy-duty bolt cutter is precision-engineered for cutting through high-tensile bolts, threaded rods, and various industrial metal materials. The hardened steel jaws ensure superior durability and a long service life, even under demanding operational conditions. Designed for professionals in construction, manufacturing, and maintenance, it features ergonomic handles to provide a secure grip and reduce operator fatigue during extended heavy-duty use.

Technical Specifications

Model Number	TM0202002
Construction Material	Hardened Steel

Key Features

Application Fields

- Construction
- Industrial Maintenance
- Manufacturing

Ergonomic Design	Yes
