

Heavy-Duty Bolt Cutters

These bolt cutters are designed for efficiently cutting bolts, rods, and metal materials. They feature durable cutting blades and comfortable grip handles for ease of use.

Product Overview

Professional Grade Cutting Power

These heavy-duty bolt cutters are engineered for high-leverage performance, making them an essential tool for cutting through bolts, rods, and various metal materials with minimal effort. Designed with durable cutting blades and ergonomic handles, they significantly reduce hand fatigue during repetitive tasks. This tool is a reliable choice for demanding applications in construction, industrial maintenance, and heavy-duty DIY projects.

Technical Specifications

Cutting Capacity	450 mm
Tool Length	18 in

Features

Key Features

- High-leverage design for efficient cutting
- Durable, hardened cutting blades
- Comfortable ergonomic grip handles
- Reduced hand fatigue design

Applications

Suitable Industries	Construction, Industrial Maintenance, DIY, Metalworking
