

Heavy-Duty Cargo Tricycle with Steel Frame

This tricycle is designed for transporting heavy goods. It features a robust steel frame, a single front wheel, dual rear wheels, and a large cargo bed with side rails.

Product Overview

Robust Cargo Transport Solution

This heavy-duty cargo tricycle is engineered for efficient goods transport in demanding commercial environments. Featuring a high-strength steel frame and a large-capacity rear cargo bed, it provides stability and durability for daily hauling tasks. The design prioritizes operator convenience and safety, incorporating essential features such as a padded seat, rearview mirrors, and an integrated headlight.
