

Heavy-Duty Cutting Pliers

These heavy-duty cutting pliers are designed for demanding applications. They feature hardened cutting edges for durability and efficient cutting of various materials, along with ergonomic handles for a comfortable grip.

Overview

Professional Grade Cutting Power

These heavy-duty cutting pliers are engineered for demanding industrial and professional applications. Constructed from premium alloy steel, they feature a hardened cutting edge designed to deliver clean, efficient cuts across a variety of materials. The double-dipped cushion-grip handle ensures user comfort and reduced fatigue during extended use.
