

Heavy-Duty Double-Axle Utility Trailer

This heavy-duty double-axle trailer is designed for robust performance and high load capacity. It features a durable steel frame construction with a leaf spring suspension system for smooth towing and enhanced stability.

Overview

Robust Heavy-Duty Utility Trailer

This heavy-duty double-axle utility trailer is engineered for demanding agricultural, construction, and industrial applications. Featuring a durable steel frame with a protective blue paint finish, it is built to withstand rigorous use while resisting corrosion. The inclusion of a leaf spring suspension system ensures smooth towing and enhanced stability, even when carrying heavy loads.

Construction & Design

Frame Material	Steel
Surface Finish	Blue painted for corrosion resistance

Performance & Features

Axle Configuration	Double-Axle
Suspension System	Leaf Spring
Key Features	Reinforced Sides, Rear Gate, High Load Capacity, Corrosion Resistant

Applications

Suitable Industries

- Agriculture
- Construction
- Industrial
