

Heavy-Duty Grease Gun with Flexible Hose

This grease gun is designed for lubricating machinery and equipment. It features a high-pressure delivery system and a flexible hose for accessing hard-to-reach areas.

Product Overview

Professional Lubrication Solution

This heavy-duty grease gun is engineered for reliable lubrication across automotive, industrial, and agricultural machinery. It features a robust, durable construction built to withstand demanding environments while providing consistent performance. Equipped with a flexible hose, it ensures easy access to hard-to-reach lubrication points, making maintenance tasks efficient and precise.

Technical Specifications

Working Pressure

10000 PSI

Working Pressure

Model Identifiers

AP2S, PD13/69

Features

Key Features

- High-pressure delivery system
- Ergonomic handle design
- Flexible hose included
- Durable construction

Applications

Ideal Applications

Automotive • Industrial • Agricultural
