Product Overview

Professional-Grade Performance

This heavy-duty hammer drill is engineered for demanding tasks in concrete, masonry, and demolition work. Featuring a robust 900W motor, it delivers consistent power and precision for professional applications. The ergonomic design includes vibration reduction technology to ensure user comfort during extended operation, while the integrated safety clutch provides essential protection against sudden torque reactions.

Technical Specifications

Input Power

900 W
Power

Chuck Type

SDS-Plus

Voltage & Frequency

230/110V ~ 50/60Hz

No Load Speed

850 rpm

Impact Force

4 J

Max Drilling Diameter

26 mm

Features

Key Features

- Variable speed control
- Vibration reduction design
- Integrated safety clutch
- Auxiliary handle included
- Heavy-duty construction
