

Heavy-Duty Impact Drill for Wood, Metal, Concrete

This professional-grade impact drill is designed for heavy-duty applications. It is ideal for drilling into wood, metal, and concrete with its high-performance motor and durable construction.

Overview

Professional-Grade Impact Drill

This heavy-duty impact drill is engineered for demanding tasks, offering high-performance operation across wood, metal, and concrete surfaces. It features a robust motor and variable speed control, ensuring precision and reliability for professional applications. The ergonomic design, coupled with an auxiliary handle, provides enhanced comfort and control during extended use, while the keyed chuck ensures secure bit retention for consistent results.

Technical Specifications

No Load Speed

3000 rpm

Max Speed

Input Power	600 W
Voltage & Frequency	230V/50Hz, 110V/60Hz
Max Drilling Diameter	13 mm

Features

Suitable Materials

Wood • Metal • Concrete

Key Features

- Variable speed control
- Ergonomic handle design
- Auxiliary handle included
- Keyed chuck
