

Heavy-Duty Impact Wrench for Automotive and Industrial Use

This high-torque impact wrench is designed for heavy-duty applications. It features durable construction for extended tool life and reliable performance.

Product Overview

Professional Grade Impact Wrench

This heavy-duty impact wrench is engineered for demanding automotive and industrial environments. With a robust 450W motor and 180Nm of maximum torque, it provides the power necessary for efficient fastening and loosening of nuts and bolts. Designed for durability and consistent performance, it is an essential tool for auto repair shops and factory maintenance tasks.

Technical Specifications

Performance Highlights

450 W

Power

180 Nm

Max Torque

1600 rpm

Speed

Rated Voltage	220-240V~/50Hz
Rated Input Power	450 W
No Load Speed	1600 rpm
Maximum Torque	180 Nm

Logistics & Packaging

Weight (G.W/N.W)	22.5kg / 22kg
Packing Size	48.5 x 38 x 33 cm
20ft Container Load	1900
Units Per Box	4
