

Heavy-Duty Material Handling Elevator Crane

This is a heavy-duty elevator crane designed for agricultural and construction applications. It features a clamshell bucket for efficient material handling and a hoisting mechanism for lifting and transferring bulk materials.

Overview

Heavy-Duty Material Handling Elevator Crane

This heavy-duty elevator crane is engineered for efficient material handling in demanding agricultural and construction environments. Featuring a robust frame and a high-capacity clamshell bucket, it is designed for the reliable lifting and transferring of bulk materials. It serves as an essential solution for operations in ports, construction sites, and large-scale agricultural facilities.

Technical Specifications

Compatible Materials

- Grains
- Sand
- Aggregates

Key Design Features

Heavy-Duty Frame • Clamshell Bucket • Hoisting Mechanism

Suitable Applications

Agriculture, Construction, Port Operations, Bulk Material Handling
