

Heavy Duty Motorcycle Drive Chain

This heavy-duty motorcycle chain is designed for optimal power transmission and durability. It is constructed with high-quality alloy steel components and precision engineering for superior resistance to wear, stretching, and corrosion.

Product Overview

High-Performance Drive Chain

This heavy-duty motorcycle chain is engineered for optimal power transmission and long-term durability. Constructed from high-quality alloy steel, it provides superior resistance to wear, stretching, and environmental corrosion. Designed for demanding applications, this chain ensures reliable and robust performance for various motorcycle types.

Technical Specifications

Chain Size	428H
Link Count	130 links
Construction Material	Alloy Steel, Heavy Duty

Performance Features

Key Performance Benefits

- Superior wear resistance
- Low stretch characteristics
- High corrosion resistance
- Optimal power transmission
