

Heavy Duty Portable Hose Reel Cart

This portable garden hose reel cart allows users to easily position their hose where it is needed. The extra-large capacity cart holds up to 400ft x 5/8in garden hose (hose not included).

Overview

Professional Hose Management

This heavy-duty portable hose reel cart is engineered for efficient and convenient garden or commercial hose management. Featuring a robust tubular steel frame with a corrosion-resistant powder-coat finish, it is built to withstand demanding outdoor conditions. Its maneuverable design includes pneumatic tires and a wagon-style handle, making it an ideal solution for professionals requiring reliability and ease of use on various terrains.

Construction & Design

Integrated Accessories
