

# Heavy-Duty Steel Hand Truck

This heavy-duty hand truck features a sturdy steel frame and pneumatic tires. It is designed for moving heavy items in warehouses, construction sites, or home settings.

## Product Overview

### Heavy-Duty Steel Hand Truck

This heavy-duty hand truck is engineered for reliability in demanding environments like warehouses and construction sites. Featuring a robust steel frame and pneumatic tires, it ensures smooth transport over various terrains while providing stability for bulky goods. Its wide base plate and ergonomic handle design facilitate secure loading and easy maneuvering of boxes, furniture, and heavy equipment.

## Technical Specifications
