Product Overview

Professional Grade Tie-Down Solution

This heavy-duty truck tie-down rope is engineered for demanding cargo handling and transport applications. Constructed from high-performance PP monofilament, it offers excellent resistance to environmental factors, including UV light, chemicals, and abrasion. Designed for professionals, this rope ensures reliable performance and longevity in tough outdoor conditions.

Technical Specifications

Performance

- Minimal stretch
- High durability
- Chemical resistance

Material

PP Monofilament

Resistance Features

Wear Resistant, Corrosion Resistant, Acid Resistant, Alkali Resistant, Oil Resistant, UV Resistant

Safety & Guidelines

Operational Precautions

- Do not use for overhead lifting
- Do not exceed working load limit
- Knots reduce rope strength by 40%
- Shock loads can reduce strength by 33%
- Replace if fibers show wear and tear
