Product Overview

Industrial-Grade Durability

This heavy-duty tubeless steel rim is engineered specifically for demanding industrial and agricultural environments. Built with a robust, multi-piece construction and featuring a durable corrosion-resistant coating, it ensures reliable performance under pressure. The secure multi-bolt mounting design provides stability and safety for heavy-duty vehicle applications.

Technical Specifications

Construction	Multi-piece steel construction
Design Features	Tubeless Design, Corrosion Resistant, Heavy-Duty, Industrial Grade
Mounting	Multi-bolt hole pattern
