

Heavy-Duty Windshield Wiper Blade for Buses and Trucks

This heavy-duty windshield wiper blade is designed specifically for buses and trucks. It features a narrow adaptor for easy installation and a special design for optimal performance and OEM quality.

Product Overview

Premium Performance for Heavy-Duty Vehicles

Engineered for buses and trucks, this heavy-duty windshield wiper blade delivers exceptional clearing performance and reliability under challenging road conditions. The design features a narrow adaptor that ensures seamless installation and a secure fit using a standard hook-type connector. Designed with OEM-grade quality standards, this component provides the durability required for professional transport fleets.
