

Hedgehog Solar Garden Light

This decorative light features a realistic hedgehog design with a solar panel integrated into its back. The solar panel charges during the day, automatically illuminating the light at dusk, providing a warm and inviting glow.

Product Overview

Charming Solar-Powered Hedgehog Light

This decorative solar-powered hedgehog garden light is designed to add a whimsical and inviting touch to any outdoor space. Crafted from durable polyresin, it features an integrated monocrystalline solar panel that harvests energy during the day for automatic illumination at dusk. With no wiring required, it offers a hassle-free solution for enhancing gardens, patios, or walkways with a warm amber glow.
