Product Overview

Professional demonstration of the air purification technology at international trade events.

High-Efficiency A4 PRO Air Purification

The A4 PRO is a high-performance air purifier designed for large rooms, delivering a CADR of 330 m³/h with 360-degree uniform airflow. It utilizes a 3-in-1 H13 True HEPA filter to remove 99.97% of airborne particles as small as 0.3 micrometers, including smoke, dust, and odors. Equipped with a smart particle sensor and silent sleep mode, it automatically adjusts to maintain optimal air quality while ensuring a restful environment.

Technical Specifications

Technical Details

Feature	Specification
Product Model	A4 Pro
Application Area	15-20m ²
Rated Voltage	110/220V
Motor Type	AC Motor
HEPA Grade	H13
Filter Type	HEPA + Activated Carbon

Smart Features

Intelligent Functions

- Smart Particle Sensor with Auto-Adjustment
- 1-8 Hour Programmable Timer
- Filter Replacement Indicator
- Child Safety Lock
- Time Display
- UV Lamp Integration

Operating Modes

Wind Speed & Sleep Settings	3-Gear Wind Speed (Low, Medium, High) plus dedicated Silent Sleep Mode
-----------------------------	--

Physical Dimensions

HEPA Filter Dimensions	8.66 x 8.66 x 14.8 inches
------------------------	---------------------------

Certifications

The air purifier meets international standards including CE, EMC, and ISO 9001 quality management systems.

Compliance & Quality

ISO9001:2008 • CE • CB • CCC • CQC • ERP • BPA-Free

Logistics & Wholesale

Order Information

Order Type	Minimum Order Quantity (MOQ)
Neutral Packaging	100 pcs
OEM Customization	300-500 pcs
